

Hydraulic Oil Cooler

For Cat® C,D-Series SSL/ MTL, CTL models

Supertrak is proud to offer an Industry leading reversible fan driven Hydraulic Cooler Kits for your Caterpillar® C / D Series SSL, MTL, CTL's models. This kit mounts to the standard cab and is field installed to supply additional cooling for the Machines hyd system. Standard equipped with an auto reversing fan, debris protected guarding, high pressure hoses.

Optional Hydraulic Cooler Kit will decrease your Hyd. Temperature in application like Forestry, Recycling, Demolition where extra cooling is required.

The Hydraulic Cooler Kits is a bolt on option to the top of the cab when height limitation is not critical.
